Profile

I create designs that are appealing and creative, yet functional and user friendly. The insights and feedback gathered from user research serve as the foundation for my design decisions. Don't believe me? Just check out my work.

Experience

UX and UI Designer at AdPro LLC

December 2015 to Present

- Organize and host user testing sessions for the Phil Long Group.
- Revamp the car buying experience for Phil Long Benz and Beemer, and Phil Long Valucar.
- Create visual designs, high fidelity prototype, and design systems in Sketch.
- Translate designs into HTML, CSS, JavaScript and PHP.
- Build, design, and create guidelines with development team for in-house applications and client websites.
- Implemented user research for client websites and in-house applications
